If you currently have Medicaid or children enrolled with North Carolina Medicaid, you will be required to select one of five plans. If you do not select a plan, one will be chosen for you.

We are notifying our patients in advance that we will be credentialed with the following plans:

- **Wellcare of North Carolina, Inc.**
- **United Healthcare of North Carolina, Inc.**
- **Carolina Complete Health**
- **Healthy Blue**
- **AmeriHealth North Carolina**

Please be aware that if you do not select a plan, one will be auto-assigned to you. If you fail to select a plan, you will be assigned to a Primary Care Provider closest to your home. If you are assigned to any other practice other than Greensboro Pediatricians, or are enrolled with a plan that we are not in network with, we will not be able to treat your child, until the appropriate changes have been made.

Be sure to select **Greensboro Pediatricians** as your child's Primary Care Provider.
