

Dear Patients,

January 8, 2021

After 35 years of practice as a pediatrician, I am writing to let you know of my retirement. I have I enjoyed caring for you and your families over the years.

I write this with mixed feelings, as I had not expected to stop practicing so suddenly. Unfortunately, my recent stroke led me to make this decision, and recovery takes time. I am otherwise well. If I could meet with each of you and express my gratitude; and to thank you for the trust and privilege to care for families over the years, I would do so. I am so blessed to have been chosen to call you patients, parents, and friends.

As you all know, this practice is staffed with extremely knowledgeable and caring physicians and nurse practitioners. I highly recommend that you select one of these practitioners for your future medical needs. You can review the bios of all our staff by visiting our website, www.GreensboroPediatricians.com.

Your medical records are confidential and will remain on file with Greensboro Pediatricians. If you choose another physician within our organization, you do not need to take any action concerning your records. If you choose a physician outside of our clinic, you will need to sign an authorization form before we can release your medical records. Please note, by law we cannot share your medical information without your written consent. You may find this form on our website. It may be completed and return via fax or mail. You may also complete the necessary paperwork at

your first visit with your new doctor. If you have any questions about this process, please call the office to speak with our Medical Records Specialist.

It has been a great pleasure meeting and caring for you all though the years. I sincerely appreciate your friendship and loyalty. I wish you continued good health and all the best in the coming years.

Sincerely,

Ron Pudlo
